

# ADVANTAGE MAINTENANCE PROGRAM™

*Let our experts maintain your lubrication solutions throughout the year*

## WHAT IS IT?

The MotionSource Advantage Maintenance Program provides trained professionals to perform routine inspection, maintenance and repairs on your MotionSource-installed lubrication solutions. This both increases uptime and ensures your lubrication systems are in optimal condition. The cost of the Advantage Maintenance Program is based upon a nominal percentage of the lubrication solution purchase price, paid annually, with no contract. We provide:

- Regularly scheduled onsite maintenance throughout the year
- Detailed service reports of all work completed
- Recommendation reports, including current equipment status, to increase uptime
- All necessary replacement parts and labor\*

## WHY USE MOTIONSOURCE?

As the designers, installers and maintenance personnel of your lubrication solutions, our trained lubrication experts are the perfect addition to your team, ensuring the greatest possible uptime for your machinery. All replacement parts and supplies we use are OEM certified to properly match your equipment, and we provide detailed reports on our maintenance and findings.

## BENEFITS

- Genuine OEM replacement parts
- Increased uptime
- Trained, experienced lubrication experts
- Scheduled, routine preventative maintenance
- Improved system longevity
- Save time and money
- Detailed reports on system status & maintenance
- Informed recommendations
- Trusted lubrication partner
